ABOUT BRACE YOURSELF GAMES

Brace Yourself Games was founded by veteran indie developer Ryan Clark in 2013. It's only appropriate that our Vancouver-based independent game studio was named for a programmer pun that could only come from his shiny, bald head: {YOURSELF}

Our goal is to make standout games. We try new things, hold ourselves to a high standard, and make improvements when we make mistakes. What's important is that you can always count on us to deliver in the end.

ABOUT TIC TOC GAMES

Tic Toc Games was founded in 2011 by industry vet Shereef Morse with one mission: to bring novel and exciting gameplay experiences to players of all types. Since then, our team has grown to over 100 super talented, culturally diverse, and extremely passionate developers!

Whether we're serving up award-winning mobile game hits like Panda Pop and Funko! Blitz or we're crafting brand new worlds in games like the Adventures of Pip and B.ARK - we focus on quality, innovation, and FUN.

Tic Toc Games is here to show the world that games aren't just for gamers. Come and join the fun with us!
